Assignment :

For this task, we have completed a medium- to high-fidelity functional prototype of your design. We used a prototyping tool Adobe XD. We also reviewed the results of testing our paper prototype and incorporate any changes based on our review of our paper mockup tests.

Requirements:

We created a video showing a member of team using this functional prototype to enact 3 different scenarios, using the think-out-loud style.The scenarios shows off the features of our functional prototype.

Deliverable:

Functional prototype: CHI FastFoodKiosk.xd
Videos of inaction with 3 different scenarios:
scenario1: https://youtu.be/_5IP8NklHa0
scenario2: https://youtu.be/N86kf49dv1s
scenario3: https://youtu.be/A5KYecObmY4
Test session subject scripts.pdf.

Update Log:

We updated our functional prototype and made new videos on different scenarios.
